

The Winters Heritage House Museum Story Hour program was developed for children from 4 to 6 years of age by creative, child-centered educators.

Story hour sessions are held the second Friday of every month during the traditional school year.

Each Story Hour offers children the chance to encounter local history, join in a craft or activity, hear a story about traditions or events from long ago, and sample foods that pertain to what they've learned.

Story Hour runs several times throughout the day to meet the various schedules of parents and educators.

To sign up for Story Hour, or to learn more about this program, please contact Winters Heritage House by calling (717) 367-4672.
